++ Earbuds and headphones seem to be tough for students to care for in a classroom environment. I will do my best to help students keep them in good condition, but that may not be successful. They wear out from regular use, so you may want to choose an inexpensive pair and plan to replace them later in the year.

**Students will regularly use a Google Drive account to do homework. If you do not have a reliable computer and reliable internet at home, please contact Mr. Schmiede
